

img2num::image_to_svg

```
graph LR; A[img2num::image_to_svg] --> B[img2num::bilateral_filter]
```

The diagram illustrates a sequence of two function calls. The first call, 'img2num::image_to_svg', is shown in a white box with a black border. A blue arrow points from this box to a second box, 'img2num::bilateral_filter', which has a gray background and a black border.
