

img2num::image_to_svg

```
graph LR; A[img2num::image_to_svg] --> B[img2num::bilateral_filter]
```

The diagram illustrates a two-step process. The first step, represented by a white box with a black border, is the function call `img2num::image_to_svg`. A blue arrow points from this box to a second box, which is shaded gray with a black border. The second box represents the function call `img2num::bilateral_filter`.
